## WORLD DEMAND FOR BELLAMY BROTHERS CONTINUES WITH MORE EXOTIC DATES ADDED TO 2014 TOUR SCHEDULE

*Brothers Add Dates in Qatar, Australia and New Caledonia in Addition to Upcoming Performances in Switzerland, Belgium, France, Norway, Germany and Canada*

Nashville, Tenn. (July 7, 2014) - The **Bellamy Brothers'** 2014 international tour continues to pay dividends for the legendary Country duo. The Bellamys' 2014 itinerary is shaping up to be one of the most demanding tour schedules since the group's inception nearly 40 years ago.

Today, **Howard and David Bellamy** announced tour dates in **Qatar, Australia and New Caledonia**, in addition to upcoming performances in **Switzerland, Belgium,**

**France, Norway, Germany and Canada.** In February of this year, the Bellamys made touring history when they became the first Country music artists to tour in **Sri Lanka and India**, selling out shows in both countries.

"On the international scene, the Bellamy Brothers are the most demanded Country music act in the touring industry," says the brothers' international talent agent, **Jude Seale.** "They are able to sell out shows in India, Sri Lanka, New Caledonia, Qatar and other nations where other country artists aren't recognized."

David Bellamy adds, "The international tour circuit landed us permanent jet lag since we started our career almost four decades ago and it seems like it keeps getting busier every year. We are thankful for all of the countries around the world who have supported us, and continue to support us, over the years."

The Bellamys also plan to release new music in conjunction with several international recording artists. The brothers will travel to Brazil later this year to record with Brazilian rock star **Eduardo Araújo** and will also reunite with Swiss rock sensation **Gölä** for another collaboration, scheduled to be released in September. The brothers' first album with **Gölä** (***BB&G: The Greatest Hits Sessions*** - released in 2010) debuted at **#1** on the **Swiss Music Chart** and soon thereafter reached **double-platinum sales.**

In addition, the Bellamys have released a three-song EP and music video titled, ***Boobs / Texas Girls*** (watch the music video [HERE](#)). The EP and video serve as a teaser for the brothers' 40th anniversary album which is set for a spring 2015 release. The two-disc set will feature 17 new songs and 17 of the hits.

Aside from their international tour, Howard and David Bellamy continue to travel stateside, performing more than 100 live dates in 2014, including a **July 9** performance at the historic **Grand Ole Opry** in **Nashville, Tennessee.**
